

COVID-19 POLICY AND PROCEDURE

POLICY STATEMENT

We are doing everything that we can to minimise risk of infection within our setting and seek cooperation from our families to support us in this. In this ever changing situation we continue to closely follow government advice and adjust our practices accordingly.

PROCEDURES

We have written a risk assessment to identify and minimise the risks and we review and update this regularly according to government advice. Staff take lateral flow tests twice a week.

We ask that you:

- Only attend on the days that you are registered for.
- Sign into the Visitors Book/be registered by kindergarten staff.
- Wash hands/Use hand sanitiser when entering The Lindens.
- Wear a mask in the communal areas of the building such as the lobby and toilet area.
- Do not come if feeling unwell, experiencing fever, dry cough, loss of smell and/or taste.
- Do not come if you have tested positive for COVID 19.
- Let us know if you or anyone in your household has tested positive for COVID-19.

In case of a positive case in the setting:

- We will notify other families so that they can make an informed decision about attending.
- Staff identified as close contacts will take a PCR test.
- We recommend that everyone who has been in close contact with a positive case takes a COVID test.
